

HAH Roundtable 2-5-2022 Shade Garden Plants

Following is a list of plants that do well in shade and part-shade conditions in the Southampton garden of Lydia Wallis, which was the subject of our recent Roundtable and are included in the Cloud Recording of her presentation. The list also includes additional selections grown by Pamela Harwood in Bridgehampton ("PH").

There might be more shade plants grown in the gardens of our other members.

Annuals, Self-Seed

Impatiens balfourii /PH

Bulbs/Corms/Rhizomes

Anemone nemerosa, Wind Flower

Asarum, Wild Ginger

Asperula odorata, Sweet Woodruff

Convallaria majalis, Lily of the Valley

Cymbalaria muralis, Kenilworth Ivy

Epimedium

Gaultheria procumbens, American Wintergreen

Geranium maculatum and *macrorrhizum*

Lamium, Deadnettle /PH

Lamium galeobdolon, Golden Deadnettle /PH

Phlox stolonifera

Polygonatum humile, Dwarf Solomon's Seal

Saxifragia

Tiarella cordifolia

Vancouveria

Perennials

Aconitum, Monkshood /PH
Actea racemosa AKA Cimicifuga, American Bugbane (native to Eastern North America)
Alchemilla mollis, Lady's Mantle /PH
Amsonia
Aquilegia, Columbine
Aquilegia canadensis / PH
Aruncus aethesifolia, Dwarf Goatsbeard
Astilbe
Astrantia major "Alba" /PH
Aralia cordata "Sun King" /PH
Begonia grandis
Bergenia cordifolia (added shade plant)
Brunnera marcophylla, perennial Forget-me-not (species hardier than cultivars)
Campanula poscharskyana, Serbian Bellflower or Trailing Bellflower
Chrysanthemum parthenium, feverfew (biennial)
Clematis terniflora, Autumn Clematis /PH
Corydalis (added shade plant)
Dicentra (now called Lamprocapnos)
Digitalis (biennial), Foxglove
Ferns
Filipendula "Purpurea" and "Rubra" /PH
Gaura lindheimeri - PH
Gillenia trifoliata. Bowman's Root /PH
Hakonechloa "Aureola," Japanese Forest Grass /PH
Hellebores
Hepatica
Hosta
Iberis, Candytuft
Iris Cristata
Iris domestica aka Belamcanda chinensis, Blackberry Lily /PH
Jeffersonia diphylla, Twinleaf
Jeffersonia dubia, Japanese Twinleaf
Kirengeshoma palmate
Leucoseptrum stellipilum "October Moon" /PH
Ligularia
Liriope (Lilyturf) /PH
Lychnis aka Silene "flos-cuculi" /PH
Mertensia virginica, Virginia Bluebells
Monarda (Beebalm) /PH
Mukdenia
Myosotis, Forget-me-not (Biennial)
Phlox divaricata, Wild Sweet William
Pimpinella major "rosea" /PH
Pinellia tripartita (Green Dragon) /PH
Primula, Primrose
Pulmonaria
Rabdosia longituba (Trumpet Spurflower) /PH
Rogersia
Sanguinaria canadensis, Bloodroot
Syneilesis aconitifolia
Thalictrum (Meadow Rue) /PH
Tricyrtis hirta (Toad Lily) /PH
Trillium

Shrubs

Abelia
Amelanchier canadensis, Shadblow
Aucuba "Gold Dust" /PH
Azalea
Corylopsis
Edgeworthia chrysantha, Paperbush
Enkianthus campanulatus, Redvein Enkianthus
Fothergilla
Hydrangea macrophylla / arborescens / quercifolia
Ilex
Itea virginica, Virginia Sweetspire
Kalmia latifolia, Mountain Laurel
Kerria japonica
Leucothoe
Mahonia, Holly Grape
Microbiota decussata, Siberian Cypress
Nandina domestica /PH dioecious
Osmanthus
Pieris japonica, Japanese Andromeda
Rhododendron
Sarcococca hookeriana, Sweet Box
Skimmia japonica (male and female plants required for berries)
Taxus, Yew /PH
Thuja plicata
Viburnum

Trees (Understory)

Acer japonicum /PH
Acer palmatum /PH
Cercis, Redbud (added)
Cornus florida and Cornus kousa / PH (aka Benthameidia japonica)
Styrax japonica and Styrax obassia /PH

TROPICALS

Caladium /PH
Coleus /PH
Colecasia, Elephant Ears /PH
Impatiens /PH
